ABOUT ME

I am passionate about front-end web development and have undertaken several projects focusing on UI development with React JS, JavaScript, HTML, and CSS. I also enjoy creating online content for my website and YouTube channel. Currently, I am employed as a Quality Engineer at IBM, where I perform both manual and automated testing.

WORK EXPERIENCE

Quality Engineer - FullStack
IBM | Bangalore

2024 - Current

I am currently involved in both manual and automated testing (Selenium Java). My responsibilities include designing and executing test cases, identifying and reporting defects, and collaborating with development teams to ensure high-quality software delivery.
